

CHILDREN, YOUNG PEOPLE & PSYCHOSIS:

BEYOND early INTERVENTION

10:00 - 17:30, Friday 24 January 2020

@ Human Rights Action Centre, 17-25 New Inn Yard, London, EC2A 3EA

Speakers Include: Anne Cooke, Charlie MacKenzie-Nash, John Richardson
Lauren McCormack, Lucy Fernandes, Sarah Parry & Rai Waddingham.

When it comes to children, young people and psychosis, there is an urgent need to come together to reflect on new and innovative approaches, both alongside and beyond specialist mental health services.

This conference will focus on more creative and therapeutic practices, beyond NICE guidelines, a more systems perspective, with families, social networks, education and the community, and a wider approach, reflecting on how we can better support under 14s. We will also be asking what trauma-informed services for children and young people would look like, and how we might create them together.

The event will provide an opportunity to bring together and create dialogue between a number of people: therapeutic practitioners, parents, young people, researchers, and professionals from education, care, social services and the voluntary sector.
